INDEX OF VOLUME V

Journal of the Cactus and Succulent Society of America

July 1933—June 1934 (Inclusive)

Names of plants are spelled as given in the author's copy.

The Journal has made every attempt to assure accuracy of all names used, but does not guarantee them to be so.

The reprint of Volume I of "The Cactaceae" is not included in the index; it is expected that the index when reprinted will serve all purposes.

(Adv.) preceeding a page number indicates that the name appears in an advertisement. No guarantee is made by the Journal of the accuracy of these names, nor the plants they represent.

Items in CAPITAL LETTERS indicate the title of an article.

Page numbers in *Italics (6)* indicate an illustration of the item named.

" " Parentheses indicate the title of a book or other work.

A.

Abbey San Encino Press (Adv.) 560
A bigeneric hybrid 467
Abysinnia 523
Academy Bay, Indefatigable Island, Galapagos 515
